RDF Exercise

Task 1: Model these in RDF

- Dan lives in Camerino
- Dan lives with Libby and Craig.
- Dan's email address is dan@unicam.it. Libby's email address is libby@unicam.it. Craig's is craig@unicam.it.
- Dan and Libby work for an organisation called UNICAM whose website is at <http://unicam.it/>.
- Craig works for Barilla, an organisation whose website is at <http://www.barilla.com/>.
- Craig's wife Liz lives in Ancona with Kathleen. Kathleen and Liz also work at Barilla.

Please note: „Dan“ is a Ressource representing the person Dan.
 What happens if there are several „Dan’s“?
 Therefore previous slide is better solution.
