

## Using ArchiMate model the following statements

**Exercise 1** - Make a graphical business motivation model for a bank according to the following description: “an Insurance policy document is the representation of an Insurance policy, which is a business object. The meaning related to this document is the Insurance policy notification, which consists of a Policy explanation, an Insurance registration, and a Coverage description”.

**Exercise 2** - Using ArchiMate model the following statement: “A bank offers the product Telebanking account to its customers. Opening an account as well as application support (i.e., help-desk and the like), are modeled as business services realized by the Customer relations department. As part of the product, the customer can make use of a banking service which offers application services realized by the Telebanking application, such as electronic Money transfer and requesting Account status”.
